Why not make it an adventure for the whole family?

Placerville has much to see at this time of the year. Plan to spend the weekend and enjoy all that Placerville and the surrounding area has to offer.

Downtown Placerville has numerous unique restaurants, several of them new; antique shops, boutiques and one-of-a kind shops.

Visit Coloma for recreational activities such as hiking, picnicking, gold panning, fishing, and swimming.

The wine country will be fabulous with the changing of the colors in the vineyards and award winning wines at the wineries.

Apple Hill will be in full swing with all the ranches and bake shops open. After you've eaten your fill; you will want to take home your favorite apple treat packed in your car.

And Red Hawk Casino is a fun place to visit!
