Dear ACCC Members,

On behalf of the ACCC Executive Board of the Board of Directors, I want to thank you for renewing your Membership in the Association of California Car Clubs (ACCC). As a member you know it takes money to keep an organization firing on all eight cylinders and going in the right direction. Your support will help us keep going in the right direction in our fight to "Protect our Cars".

As you may know, we are the only car hobby-supported organization that monitors California legislation and regulations that may be harmful to the car hobby and your support helps us to become aware and track such legislation. Check our website at <http://www.accdefender.org> and click on "Notices" for the complete report and updates on current and pending legislation.

We will also be happy to add your club to the website listing of clubs that support the ACCC. You will also continue to receive the ACCC deFender news letter which is published each quarter.

Thanks again for your support of the ACCC and let me know if I or any of the ACCC Directors can be of any help to you in the future.

Warmest Regards,

*Mary L. Ramsey*
