Model A Ford Club of America

President's Message

It appears that the COVID-19 Virus will be with us for a while and our Federal Government and Public Health Departments across the country recommend that, in order to slow the rate of infection, we home quarantine ourselves. Restaurants and places of business are closed or reducing their operating hours or confining their services to take out only. For this reason, I am going to ask that we postpone our regular meetings at the Monte Cristo Club and our pre-meeting dinner at Goat Hill Pizza until further notice.

With the coming of summer and warm weather the experts seem to think that the virus may not be as great a threat as it is today. However, no one knows for sure how long the threat will last. Therefore we will evaluate the threat on a month to month basis and alter our plans accordingly.

The Carlsbad Tour has been postponed until possibly October of this year. Other activities including the St. Patrick's Day Parade and the Easter Parade have been cancelled. With luck our lives will return to normal in the very near future.

Take care, stay home, and stay safe.

See you at the next meeting sometime in the near future,

Barry Kinney
